26 May 1959

5X1	SUBJECT : Request for Mission AI Radar Tape Recordings
	1. Since approximately 1 Nerch 1959, DPD has, through verbal
25X1	requests to FE/Air, been trying to obtain sample recordings of
	reported CHICOM AI Radar "lock-ons" on aircraft. The purpose
	of this effort is to subject said recordings to technical analysis
	both to satisfy ourselves that "lock-ons" are being made, and to firm up circuit design of the repeater now under consideration. To
	this date no sample AI radar recordings have been made available.
X1	
	2. A review of post-mission reports indicates that
	mamples of CHICOM AI Radar and would, therefore, be of high value
	in resolving this problem.
	in resolving this problem.
25X1
